Professional Summary

Analytical B.Tech graduate hands-on experience building mobile apps, web platforms, and desktop tools. Interned at Techwing developing Flutter-based Android applications, and independently delivered multiple freelance and academic projects including a Firebase-powered university app and a fully responsive business website. Strong foundation in Java, Dart, and full-stack development, with a track record of improving performance, reducing development time, and collaborating effectively in team settings.

Technical Skills

Languages: Java, Dart, Python, HTML/CSS, TypeScript, SQL.

Frameworks: Flutter, JavaFX, React.

Tools: VS Code, Eclipse, Android Studio, Figma, Inno Setup.

Backend: Spring-Boot, REST API's.

Databases: MySQL, Google Firebase, MariaDB.

Platforms: Git/GitHub, Hostinger, Postman API.

Experience

SVR Poultry Equipments – Freelance | Live site

May 2025 - July 2026

Web Developer

Hyderabad, Telangana

- Designed and deployed a fully responsive website in **30 days** with cross-browser and cross-device compatibility.
- Supported a **50+** product portfolio for a company with **40+** years of market presence.
- Improved page load performance by **92%** through **SEO**-optimized structure, image compression, and clean code practices.

Internships

Techwing – Mobile Application Development Intern | Code

December 2024 – May 2025

Mobile App Developer

Rajahmundry, Andhra Pradesh

- Built cross-platform Android apps using Flutter SDK; reduced development time by **47%** through reusable custom widgets and improved app load efficiency by **87%**.
- Reviewed code and mentored **3+** team members on Flutter best practices, improving overall code quality and team productivity.
- Collaborated with UI/UX designers to implement Material Design principles and managed full development lifecycle version control via Git.

Projects

GGU Experience App | (University Mobile Application) | Live Site

May 2025 - July 2025

- Led a **4-member** team to build a cross-platform Android, university app using Flutter & Dart, integrating Firebase-Firestore and Authentication for real-time, secure data management
- Delivered 4+ core features: GPS campus navigation (**80%** accuracy), personalized dashboard, admission portal, and push notifications built on Clean Architecture for scalable, maintainable code.

Automatic File Organizer | (Desktop Application) | Code

January 2026 - April 2026

- Developed a desktop file organizer using Core & Advanced Java, automating real-time file sorting across **3+** criteria (type, extension, date) via Java I/O & NIO, achieving **97%** faster sorting accuracy.
- Built three core modules, Auto Organizer, File Recovery, and Privacy Protection, reducing manual file management effort and improving system accessibility by **87%**.
- Integrated Windows Batch scripting for system-level automation and built an interactive JavaFX GUI, packaged as an executable JAR for seamless Windows deployment.

Education

Giet Engineering College

Bachelor of Technology in Computer Science and Engineering **CGPA: 7.1/10**

June 2023 – May 2026

Rajahmundry, Andhra Pradesh

Giet Polytechnic College

Diploma in Electrical and Electronics Engineering **CGPA: 7.3/10**

July 2020 – April 2023

Rajahmundry, Andhra Pradesh

Certifications / Achievements

Certifications

- Certified Oracle Cloud Infrastructure 2024 Certified Foundations Associate | **Oracle**
- Python 101 for Data Science | **IBM**
- Enterprise Networking & Security | **Cisco**
- Software Development | **Certiport**
- Postman API Fundamentals Student Expert | **Postman**

Achievements

- Secured third position in INNOV8 Project Expo out of 20+ teams as participated in this Expo 2025.
- Participated in a hands-on workshop conducted by Unreal Company, gaining practical experience with Unreal Engine.
